Free* and Accredited/Certified

Managing Child and Adolescent Mental Health Issues in a Primary Care Setting. Healthy Minds/Healthy Children (HM/HC) Continuing Professional Development (CPD) program supports Alberta primary care providers' efforts to meet the mental health needs of children and adolescents. The CPD program is intended for primary care practitioners who see children and adolescents with mental health problems.

Objectives: 1. To increase the skills and confidence of primary care practitioners to effectively address the mental health needs of their young patients; 2. To promote inter-professional dialogue among health care providers treating or working with child and adolescent mental health problems

The courses are ideal for professionals that provide services to children or youth with addiction or mental health issues including: *Doctors, Nurses, Social Workers, Psychologists, Counsellors.*

Certified: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada, and approved by the University of Calgary Office of Continuing Medical Education and Professional Development. Participants can claim up to a maximum of 32 study credits. Physicians, claiming your credits: Visit MAINPORT <https://mainport.royalcollege.ca> to record your learning and outcomes. This one-credit-per-hour Group Learning program meets the certification criteria of The College of Family Physicians of Canada and has been certified by the University of Calgary Office of Continuing Medical Education and Professional Development for up to 32 Mainpro+ credits. Accredited for Alberta Social Workers up to 32 Category A continuing competence credits. Variable credits per course awarded by Canadian Counselling and Psychotherapy Association

* Free for Professionals in Alberta
